As mentioned above the main reason for releasing the 2020.5.0.0.18.0 is the new post-2019.9.0.0.13.0 AGCO CDS update. You should note that the AGCO CDS 2020.5.0.0.18.0 CDS (and DLC) will not update to post-2019.9.0.0.13.0. The reason for this is that the CDS post-2019.9.0.0.13.0 does not support the latest 2019.9.0.0.12.0 DLC release. The same applies to the post-2019.9.0.0.13.0.4.0 JPRO 2021.3.0.0.5.0 CDS update and the 2021.3.0.0.6.0 JPRO DLC update (new model post-2019.9.0.0.13.0). You should also be aware that there are minor changes in the AGCO CDS 2020.5.0.0.18.0. The main change being the extra PTF update which has been released to PTF patch address 1135 which has been pushed to the AGCO CDS 2020.5.0.0.18.0 in the last few days. You can find the AGCO 2020.5.0.0.18.0 update as shown in below: Should you purchase the AGCO CDS 2020.5.0.0.18.0 update for your business, the DLC update will not install. You will have to purchase the AGCO CDS 2020.5.0.0.18.0 DLC update if you wish to use the new post-2019.9.0.0.13.0 DLC. The DLC update can be purchased separately and downloaded from the CDS web page for your platform as required. You can also purchase the CDS web page from this link As for the other DLCs or updates and fixes, you will need to wait for the release of the AGCO CDS 2020.5.0.0.18.0 DLC patch 1135, which will be released in the next few days. As mentioned above the DLC CDS updates after 2019.9.0.0.13.0 are being released after the next

---

Publication of Agco tractors (e.g. C390, C410, C430, C450, C430, C390, C500, C550, C400, C500, C550, C550A, C750, C600, C850, C600, C850, C600, C550, C550A, C600) as commercial vehicles used in the operation of the public transport of public service. Of the four main models, C390, C410, C430 and C450, and three minor models, C600, C550 and C550A. Agco Cd Torrent.
