## Pulp Bukowski Pdf Italiano Download

Women is a 1978 novel by Charles Bukowski starring his semi-autobiographical character Henry. Chinaski. Unlike Factotum, Post Office and Ham. Bukowski wrote this novel as a kind of "epitaph for his hero" and not as a continuation of his work "Hollywood". Most people have a couple, or at least one. Chinaski had a couple for a long time, and she was his only friend. His lover died of cancer when he was twenty-five, and he was horrified that life no longer made sense. Now in his fifties, he thought he would have something to fill the hole in his life.
