The second area is a detailed workspace with four main areas: * Layers * History * Brushes * Adjustments Within each area, the tools and tools are sorted to be as convenient as possible. The default view (Windows) is like the default window (see Figure 2-1). A _layers_ workspace is a place where you can add, remove, hide, and organize individual images to be an add-on to the main image. Each image is a layer in itself, so you can combine multiple layers, place them on top of each other, and then rearrange them as needed. When you create a new layer, you can turn any other layer into a _mask_ (see Glossary). You can also view the layers on a separate layer window. Click the New Layers button in the Layers window or use the Layer New Layer command (or Ctrl+N on the keyboard). Create as many layers as you want. Then, you can turn any of the layers on the default window into a _mask_ (Layer Mask, or Ctrl+Alt+Shift+M on the keyboard), which hides other layers.

Sandy Springs Police Officer Speaks About Shooting Sandy Springs Police Officer Shot. The tragic shooting of Sandy Springs Police Sgt. Robert Nielsen has been a huge blow to the community, and the rapid response of the Sandy Springs Police Chief, Chief James Deason and the Sheriff's Office has been impressive. Their continued concern and care for Sgt. Nielsen and his family has been comforting, and they have done their best to focus on how to get justice for Robert. Since the shooting, the investigation has been progressing at a slow but steady pace. Sandy Springs Police have been working well together, pooling information and resources, and laying the groundwork for a strong case against the man accused of murdering Sgt. Nielsen. A murder charge has not been recommended, and the investigation is continuing. On Friday, Feb. 22, Sergeant Robert Nielsen's mother, Jo Ann Nielsen was shot and killed by a man who entered her home in Sandy Springs. The man allegedly was after Sergeant Nielsen, who was shot on Feb. 3. Now, a Sandy Springs police officer is speaking out, in hopes that it will help bring an end to the wait of justice for all involved, and also hopes that the public has an idea of how long the investigation might take. The officer, who asked to not be identified, is assigned to the Patrol Division. He told The Sandy Post that his colleagues, Chief James Deason and the Sheriff's Office have been very responsive to the family, and very concerned about the progress of the investigation. The officer told The Sandy Post, "It's been a rough few days. Chief Deason, he's been really good to the family." Sgt. Nielsen's mother and brother are in the process of relocating to Houston. The officer said there is a police analysis report indicating that the suspect could be a white male, and that his age is estimated to be in his late 30's or early 40's. The officer told The Sandy Post, "From our police perspective, this is a very, very tragic situation. It's a very difficult time for everyone involved. Our
