No CD's, Cassettes, DVD's or DVD-R discs allowed. Only CD-R and CD-RW and/or DVD+RW or DVD-R and CD-RW allowed. It's free, and you can use the demo for free. You don't need a License to use it. - Choose from four different KARAOKE MODE - karaoke "ON" or "OFF" for each song and "MENU" or "SPIN" as a song is selected. If you choose "MENU" it will spin the selected songs as if they were being sung. If you choose "SPIN" it will play the songs as normally as possible, but with the "karaoke" on. You can also choose to play the selected song or songs as MIDI or CD file. - Choose from five different lyrics types and styles. It's possible to select a style that will apply to every song that is selected. - Choose from four different backgrounds. This can be used to change your song selection from one background to another. You can also have more than one background up at once. - Choose from two types of volume-bar and two types of waveform and many other controls. - There are six playlists: "radio", "songs", "artists", "albums", "dance" and "favourite". You can also select songs from the "random" playlist. - There are also a range of "play" and "pause" buttons which allow you to play and pause songs or mute the whole system. - Choose to play "from CD" or "from File". You can also "Set CD" or "Play from File" in the "automatic" option. - When using the "automatic" option the CD is read and the CD information is saved in a winOKE file. This allows the next time you start you to choose to play "from CD" or "from File" if you have not written to the winOKE file for a while. - You can play any song in the current playlist. - There are six DVD-RW options: import DVDs, watch DVDs, copy DVDs, delete DVDs, play DVDs and burn DVDs. - For more information, see the "readme.txt" or "help.txt" files.
