System Requirements For Msnegg:

Winning or losing the race depends on your skills and your understanding of the rules, and it's all about your ability to negotiate the race map. Win or lose, if you do not have a control module you cannot return to the base at the end of the race. You need to be able to play to an average rating of 400. The lower your rating the more difficult the game gets. If you don't have good driving skills, you might lose some time during the race. Try to have a stable speed for the first 2
