On the floor of your home or in the backyard, Fly Elephants is a capture the flag game for Windows, inspired by the classic playground game.1. Field of the Invention This invention relates generally to sampling systems and more particularly to a method and apparatus for utilizing a head start to the sampling of signal for an interpolation to effect a speedup of the system for signal sampling. 2. Description of the Prior Art There are many applications, such as high-speed digital communication systems, where it is advantageous to interpolate the sample taken to provide a signal having a sample rate that is higher than the sample rate of the signal being sampled. Such an operation is required in order to obtain a
