the master of master, you know why! It's about
han, the one and only, you know why!!! and it's
about his boyam loving world!!! and let's face it,
no one is better than him!!! why? the problem is
that he's the only one that can do this, the rest
all of them are fooling around, he's the only one
with the power!!!! but do they know? of course
they do but they don't care about him!!! they
want to show off they're master of master skills!
not really, they just fool around and do stuff when
they feel like and it doesn't mean anything!!! but
han, master of master, he loves he's group!!!

he's got his own world which he created, not their stupid, stupid world!!! but do they know? no, of course they don't, and in this world, there's no main character!!! and i say this because no one else in this world is as amazing as him!!! everyone other has their own goals and their own powers, and han is the only one who even has a goal!!! and even if he has a goal, it's not gonna be accomplished within this stupid game!!! and why does he have a goal? and why does he want to accomplish that goal? to prove to everyone that he's the main character!!! and why does he wanna prove it??? and why does he have to accomplish it? because if he doesn't accomplish his goal, then everyone is gonna think that he's not the main character!!! and you can't know this because the only ones who can know are the main character himself and himself!!! and that is why han is the main character!!! ok you think i'm crazy but that's how i see it!!!! i mean, do you wanna know how he got the name "master of master?" let me tell you, ok?? 1. "master of

master" name was given to han because han is the main character!!! the main character is always the master of master!!! 2. Every show, every episode is called "master of master". Therefore, han must be the master of master!!! 3. If han isn't the master of master, it means that he's not the main character!!! 4. No one else can be the master of master!!! 5. When han says "I'm the master of master!" it's supposed to imply that he's the master of master!!! 6. He
