PDF.Adoption certificate An

adoption certificate, sometimes also called a birth certificate of adoption or adoption papers, is a document in which a child is officially recognized as being a member of the family of another person. It is a type of legal document. Around the world Australia In Australia, a birth certificate gives information about the date and place of birth of a child.

The mother's name, date of birth, and the name of the father, if available, are recorded on the birth certificate. The certificate is issued by the registrar at the local Births, Deaths, and

Marriages Registrar's Office. In the case of adoptions, the parents' names, the name of the adopting parents, and the names of the adoptive parents may also be recorded. The coroner may issue an 'adoption certificate' that incorporates the record of a baby's death. It is not an official adoption document. Canada

In Canada, the birth certificate of a child is issued by the local Registrar of Vital Statistics at the time of birth. Within a few days after birth, the Registrar sends a copy of the birth certificate to the province's Vital Statistics Agency with the birth details entered into the

agency's online database and where the child can be registered. A subsequent document known as a "Certificate of Adoption" (or similar) is issued by a provincial agency to show that the child has been adopted, to give the name of the adoptive parents, and to denote the date of adoption, usually just a few years after the birth. Some provinces require an official affidavit from the birth mother to be on the documents, but this is not necessary in most of the country. After the adoption of a child, the adoptive parents are legally responsible for providing for the child's health and welfare, including schooling. European Union E.U. countries all have similar but slightly different documents for confirming a legal adoption. A legal adoption in most of the E.U. countries leads to a joint adoption order (JOA), in which the parents and the adopted child become joint adopters. A JOA order typically
