Features included in EDIUS PRO 6.5 Production Bundle for AVID Pro Tools Without even waiting for your reply, I would like to inform you that i have this key and installed and created the DVD inside my office computer, I thought it was not working as it is operating system not windows. But it worked. I think I need to install this on my Laptop so it can put on a DVD. one have to register to get this 10 serial for 10 days. i have installed without registration. just to make a satisfaction to the seller. I have installed the key generator in the serial. and I have avtived it. the serial key has a internet connection. it do not let me install the word of the dvd it cannot open the file with the key generator. "The fail safeword is "ROFLMAO". Say it as loud as you like. Then click on the link in the email and follow the instructions." After getting the activation key I created a DVD, but it was not working!! After reading the instructions and trying to follow them, and going to the place where I had created the DVD, and right clicking, it said it was not possible, because there was not enough space on my disk
